Funds in Specific Appropriation 207 are for the inclusion of freestanding dialysis clinics in the Medicaid program. The Agency for Health Care Administration shall limit payment to \$125.00 per visit for each dialysis treatment. Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include NDC information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 207, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

From the funds in Specific Appropriation 207, the Agency for Health Care Administration shall apply a recurring methodology to establish clinic services rates taking into consideration the reductions imposed on or after October 1, 2008, in the following manner: (1) the agency shall divide the total amount of each recurring reduction imposed by the number of visits originally used in the rate calculation for each rate setting period on or after October 1, 2008, which will yield a rate reduction per diem for each rate period; (2) the agency shall multiply the resulting rate reduction per diem for each rate setting period on or after October 1, 2008, by the projected number of visits used in establishing the current budget estimate which will yield the total current reduction amount to be applied to current rates; (3) in the event the total current reduction amount is greater than the historical reduction amount, the agency shall hold the rate reduction to the historical reduction amount.

From the funds in Specific Appropriations 207 and 210, \$400,000 from the Grants and Donations Trust Fund and \$675,558 from the Medical Care Trust Fund are provided to buy back clinic services rate adjustments, effective on or after July 1, 2008, and are contingent on the nonfederal share being provided through grants and donations from state, county or other governmental funds. Authority is granted to buy back rate reductions up to, but not higher than, the amounts available under the authority appropriated in this Specific Appropriation. SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and Florida Commission on Offender Review as the amounts to be used to pay the salaries, other operational expenditures, and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

The Department of Corrections may develop a comprehensive plan for the consolidation of a state operated correctional institution, as defined in section 944.02, Florida Statutes. The plan shall include specific recommendations for aligning inmate populations with capacity and must identify:

1. The institution, by facility type, capacity, and historical officer vacancy rates;
2. The institution's location and proximity to others within the geographic region;
3. The local labor pool and availability of workforce for staffing the institution;
4. Estimated costs for the continued ongoing maintenance and upkeep needs of the institution identified for consolidation; and
5. Net annual savings generated by an institution consolidation.

The comprehensive plan shall also include recommendations to redirect identified cost savings to address correctional officer salaries and shall be utilized to specifically address current correctional officer employment attrition, turnover, and vacancy rates.

In the event the Department of Corrections elects to develop a comprehensive plan for the consolidation of a state operated correctional institution, a written report of the plan must be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives no later than December 31, 2021. Contingent upon the submission of the comprehensive plan, the department may submit a budget amendment to the Joint Legislative Budget Commission requesting the realignment of positions and budget associated with any identified consolidation savings to address specific salary adjustments identified in the comprehensive plan, pursuant to the provisions of chapter 216, Florida Statutes.

From the funds in Specific Appropriations 572 through 726, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House of Representatives Appropriations Committee for review.

From the funds in Specific Appropriations 572 through 726, the Department of Corrections may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

Funds in Specific Appropriations 572 through 726 may not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2021, and for which it has been determined by the Secretary of the department that there is no longer a need.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1105 through 1187, the Department of Juvenile Justice may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as a result of a Prison Rape Elimination Act audit conducted in accordance with Title 28, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriation 1105 through 1187, the Department of Juvenile Justice shall conduct a comprehensive statewide review of county-level data, including a gap analysis of services and programs available across all counties in the state, to evaluate the implementation of juvenile justice policies at the county level. As a result of such review, the department shall prepare a report that includes benchmarking of counties' performance on factors that demonstrate how a county is supporting the department's strategic goals of preventing and diverting more youth from entering the juvenile justice system; providing appropriate, less restrictive, community-based sanctions and services; reserving serious sanctions for youth who pose the greatest risk to public safety; and focusing on rehabilitation. The report shall also include recommendations and strategies that can be implemented by the department or counties to address any identified deficiencies and to assist in developing a statewide, coordinated response across all of Florida's communities to support the department's strategic goals. A copy of the report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives by January 1, 2022.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1161 through 1173, the Department of Juvenile Justice shall provide a monthly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth awaiting placement, and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, chair of the Senate Appropriations Committee, and chair of the House of Representatives Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1161 through 1173, the department must also provide a report of serious incidents to the Governor, President of the Senate, and Speaker of the House of Representatives on a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The department must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, President of the Senate, and Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

From the funds provided in Specific Appropriation 1922, the Department of Transportation shall conduct a review of consultant design service charges and construction engineering and inspection (CEI) service charges related to construction projects. The review must analyze the trends in design and CEI services as a percentage of total project costs as well as the trends of such costs in relation to the size of the project, the need to meet federal highway safety standards, and any potential for cost savings realized due to a change in the construction design and scope initiated after the execution of the contract. Based upon the review and a study of relevant federal laws, the department must make recommendations for the application of limitations on design and CEI services as appropriate or necessary and must submit a report to the President of the Senate and the Speaker of the House of Representatives by November 15, 2021.

assessments of public sector information technology projects and that has not previously contracted with the department for the project. No funding is provided for staff augmentation, third party support services, organizational change management, project management office, the current independent verification and validation contract, the purchase of new software, or the re-procurement of a systems integrator.

The assessment must include: (1) a review of all project artifacts, application development, and software purchases from the project start date in Fiscal Year 2013-2014 through June 30, 2021; (2) an assessment of the department's project governance and management structure, organizational change management approach, procurement approach, and technology resources; (3) an evaluation of the approach of using contracted services to backfill agency staff working on the project; (4) verification of the fit gap analysis and its use in determining how the proposed solution(s) aligns with the department's documented business requirements; (5) a proposed strategic roadmap that depicts a timeline and costs for each project deliverable recommended for completion by the department through the lifecycle of this project; and (6) an identification of what functional assets the state has received from project appropriations up to and including Fiscal Year 2020-2021.

Contingent upon the successful final determination of a contract price, the department is authorized to submit a budget amendment(s) to request release of the funds being held in reserve pursuant to the provisions of chapter 216, Florida Statutes. The contract with the independent third party consulting firm must require that all deliverables be simultaneously provided to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Florida Digital Service.

The vendor must submit quarterly status reports to the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, the chair of the House Appropriations Committee, and the Florida Digital Service describing the progress made to date on the assessment as prescribed in the enumerated items above. The department shall submit the final comprehensive assessment by June 30, 2022.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2162 through 2257, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify its eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2162 through 2257, no federal or state funds shall be used to pay for space being leased by a Local Workforce Development Board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2188 through 2215, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an allowable use of federal funds. If the department finds that any

SECTION 6 - GENERAL GOVERNMENT

workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Executive Office of the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual local workforce development boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a local workforce development board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a local workforce development board that would use the FTE position to provide additional services to veterans.

FROM INSURANCE REGULATORY TRUST

FUND

27,979,267

Funds in Specific Appropriation 2344 are provided to the Department of Financial Services for the Florida Planning, Accounting, and Ledger Management (PALM) project that complies with sections 216.311 and 216.313, Florida Statutes. Of these funds, \$25,979,267 shall be placed in reserve. The funds are contingent upon SB 2502 becoming law, which provides for the replacement of the Florida Accounting Information Resource (FLAIR) Subsystem and the Cash Management Subsystem (CMS). Upon execution of an amendment to the software and system integrator services contract that provides for compliance with sections 216.181, 282.318(4)(h), and 287.058, Florida Statutes, and that designates a professional staff member from the Office of the General Counsel as the contract manager pursuant to section 287.057(14), Florida Statutes, the department is authorized to submit quarterly budget amendments to request the release of funds pursuant to the provisions of chapter 216, Florida Statutes, and based on the department's planned quarterly expenditures. The budget amendments must include a detailed operational work plan and monthly spending plan that identifies all project work and costs budgeted for Fiscal Year 2021-2022. The operational work plan shall include, but not be limited to: (1) the project tasks to be completed by all state agencies that are necessary for remediation of their systems impacted by the PALM project, and (2) the tasks and deliverables needed to retain the current historical reporting functionality provided by the FLAIR Information Warehouse and inclusive of PALM data. Pursuant to section 216.181(16)(a), Florida Statutes, nothing in this act provides for this specific appropriation to be advanced for payment of system integrator deliverables. No funds are provided for project marketing activities, branding, or promotional materials.

The Department of Financial Services shall provide to all agencies updated and fully detailed business process models that reflect the project's current phased implementation approach, to demonstrate transparency, convey pertinent information, and assist agency preparations for transition to PALM. Upon each agency's reassessment of the updated system requirements documentation, the Executive Steering Committee shall review and approve the final Business Process Models and any resulting changes or elaboration to PALM business and technical requirements, which reflect the functionality necessary to transition Central FLAIR, Departmental FLAIR, and Payroll to PALM.

The Department of Financial Services shall integrate the project's operation and maintenance responsibilities with the existing resources within the Office of Information Systems, specifically for Help Desk and Production Support and with existing resources within the Division of Accounting and Auditing for training.

From the funds provided in Specific Appropriation 2344, up to \$1,500,000 is provided to the Department of Financial Services to competitively re-procure a private sector provider with experience in conducting independent verification and validation (IV&V) services of public sector enterprise resource planning (ERP) information technology projects to provide independent verification and validation for the PALM project. A professional staff member from the department's Office of the General Counsel shall be designated as the contract manager for the IV&V contract. Monthly reports shall include technical reviews of project deliverables submitted or accepted within the reporting period and assessments of the department's project management and governance. The contract shall require that all deliverables be simultaneously provided to the department, the Florida Digital Service, the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget. The contracted provider shall be available to provide all project related data to the Florida Digital Service in support of its project oversight responsibilities pursuant to section 282.0051, Florida Statutes.

The Department of Financial Services shall provide monthly project status reports to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, the Executive Office of the Governor's Office of Policy and Budget, and the

Florida Digital Service. Each report must include progress made to date for each project milestone, deliverable, and task order, planned and actual completion dates, planned and actual costs incurred, and any current project issues and risks. Each status report must also provide an update on the progress and cost of each system interface and agency application remediation task, as provided by agencies, required for deployment of PALM functionality scheduled through December 31, 2023.

The Department of Financial Services, by November 1, 2021, shall submit final recommendations by the Executive Steering Committee and draft legislation for any statutory changes needed to implement the FLAIR replacement system to the chair of the Senate Appropriations Committee, the chair of the House of Representatives Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget.
